Re: Closure of Notice of Violation
Wileys Bar (f/k/a Reserve Bar)
PWS ID# MT0002040
Docket Number SDWA-08-2003-0063

Dear Richard:

This letter is to inform you of the Environmental Protection Agency's (EPA) decision to close the Notice of Violation EPA issued on September 24, 2003 and not to pursue a further enforcement action at this time against the Reserve Bar public water system ("PWS") (Docket No. SDWA-08-2003-0063), previously owned and/or operated by Loren and Velma Lee. This decision is based on the new ownership and/or operation of the PWS, as evidenced by documents Scott Wilemon mailed to EPA on September 28, 2005; specifically, that as of January, 2005, Scott Wilemon has owned and/or operated the PWS and the name of the PWS changed from the Reserve Bar to Wileys Bar.

If you have any questions about this decision, please contact Eric Finke at (406) 457-5026 or Michelle Marcu, Enforcement Attorney, at (303) 312-6921.

Sincerely,

John F. Wardell
Director
